

When you INVEST in Meigs, you become part of a campaign that directly impacts your child's education! The PTO's INVEST budget fundraiser provides our school with the necessary funds to cover many needs that MNPS does not provide for our children. How much should I donate? Our goal is \$45,000 this year. We are hoping to collect \$100 per family but we understand that is not always possible. Your tax deductible donations in any amount are very much appreciated!

**100% of your donation  
stays at Meigs.**

**Why we do INVEST?**

Your donation to INVEST covers the gap in our underfunded school. The MNPS budget allotted to our school does not cover the needs necessary to achieve the desired pinnacle of academic success for our students.

**How does INVEST benefit the classroom?**

INVEST provides instructional material and equipment, library resources, professional development, hands-on science experiments (ex. frog dissection, rocket day) and Math Olympiad.

**How does INVEST benefit technology,  
fine arts and music programs?**

INVEST purchases all the computers at Meigs as well as purchases all computer lab hardware, software and repairs. INVEST provides supplies for music, fine arts and drama classes.

**How does INVEST benefit physical  
education, athletics and clubs?**

INVEST provides sports and wellness equipment for PE classes, both boy's and girl's school teams as well as after school clubs.
